

We Shall Overcome

We shall overcome.

We shall overcome.

We shall overcome someday

Oh, deep in our hearts, I do believe that,

We shall overcome some day.

We'll walk hand in hand.

We'll walk hand in hand.

We'll walk hand in hand some day.

Oh, deep in our hearts, I do believe that,

We'll walk hand in hand some day.

We are not afraid.

We are not afraid.

We are not afraid today.

Oh, deep in our hearts, I do believe that,

We shall overcome some day.

We shall overcome.

We shall overcome.

We shall overcome someday

Oh, deep in our hearts, I do believe that,

We shall overcome some day.

Stop Domestic Violence in Lincoln

Tonight, we invite you to observe

Domestic Violence Awareness Month

by pledging to remember those who lost their lives from Domestic
Violence in the community

Listen

The sounds you are hearing are audible reminders of the level of violence against women in the United States of America

- **The Gong** is being struck to indicate that a woman is being battered. Women are battered every 10 to 12 seconds across the nation
- **The Whistle** is being blown to indicate a reported rape. Every minute of every day more than one woman is reported raped in this country.
- **The Bell** is rung to indicate that a woman has died as a result of personal violence. In the United States, three to four women are killed by their batterers every day.
